About Five Hole Hockey

Five Hole Hockey was founded in 2006 with the goal of helping amateur hockey players develop their skills, pursue advanced and elite levels of hockey, and to help players further themselves as individuals through the game of hockey. Today we see our former players reaching every level of junior hockey and U.S. college hockey. We even have some alumni playing professionally including in the NHL!

In 2013, we launched the Future Stars program to help provide a strong fundamental base and love for the game in some of the youngest players as these players are truly the future of the sport.

Head Instructor: Andy Holmes

A founder of Five Hole Hockey, Andy is a Level 4 Certified USA Hockey Coach and currently runs Five Hole Hockey. He brings over 35 years of playing and coaching experience to our organization. He has worked with players of all ages, abilities, and positions throughout his career. Andy believes in developing a strong fundamental skill set along with a love of the competition and of the game in today's players.

In addition to his role with Five Hole Hockey, Andy has served as an instructor for The Goalie Academy for over 14 years and has coached at the Tier 1, Tier 2, and House of youth hockey as well as at the High School and ACHA college levels. He also consults with elite level AAA and junior coaches and hockey programs each season. Andy spent 5 seasons as a Regional Scout in the USHL and 10 years developing and running a Prospects Camp for players. During that time he helped hundreds of players further their development and reach high levels of the game.

As a player, Andy started in the Hershey Youth Hockey program and went on to play Division 1 Prep School hockey at Choate. After completing high school, he played 3 years of junior hockey in the U.S. & Canada and completed his playing career with the Quad City Mallards of the UHL (Washington Capitals affiliate). His educational background includes a B.S. degree as well as an M.B.A.

Program Philosophy:

Five Hole Hockey strongly believes that the future of the game is today's young players. This program is designed to take place in a small-group setting and is built around these key areas:

Development Oriented Approach – Each player is unique and acquires skills at different rates and at different times. Our focus is on teaching each player and helping each improve, becoming a better player by the end of the session.

Low Coach to Player Ratio Emphasizing Teaching – we will generally work in 2 small groups, each with its own coach.

Having Fun While Learning & Competing – We strive to teach our players at all ages how to compete and how to have fun learning and playing the game.

Areas of Emphasis:

Skill, skills, and more skills – Summer is the time to focus on a player's individual skill set and hockey knowledge, both its development and on its progression. We will emphasize teaching proper form and technique in key fundamental areas – skating, puck handling, passing, shooting, and teamwork in an age appropriate manner.

Fundamental Hockey Knowledge – we will focus on learning the areas of the ice, responding to whistles in a practice setting, and learning the basic concepts of offensive play/situations and defensive play/situations.

Fundamental Hockey Concepts – learning to enjoy competition and teaching the concept of team play.

Program Goal: Player Improvement While Having Fun!

Development, development, development! Developing hockey players is our goal. We will help every player learn and grow in their abilities on the ice all while challenging them consistently in a fun, positive atmosphere!

Tentative Schedule:

The first session will be on Saturday mornings from May-June. A final schedule will be ready soon and emailed to parents no later than the beginning of March.
